

THE MYTHS OF THE MONEY SYSTEM

**Government
creates
our money...**

**Most money is
cash or bills...**

**We, the People,
decide where
money is invested...**

**The banks charge
interest because
the borrower is
using their money.**

THE FACTS OF THE MONEY SYSTEM

**Private commercial banks
create our money....**

**Most money is private bank credit
(electronic account entries)
created when a bank makes a loan**

**Banks decide where money
is invested, because they
decide who gets loans (money)**

**The banks charge
interest, which they
never create, because
they want to have
unpayable debt. The
result is more people
must borrow.**
