

**#1 - Why Green Party Members  
Need to Know  
the Money System**

Are you a member of the U.S. Green Party?

Yup!

“Social movements working together with independent political parties have always made history together.”

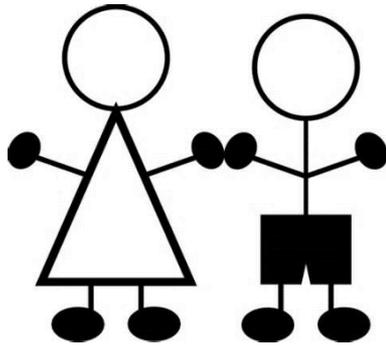

**Jill Stein**

Do you want to support laws protecting human rights?

Yup!

Do you want to have peace for humankind?

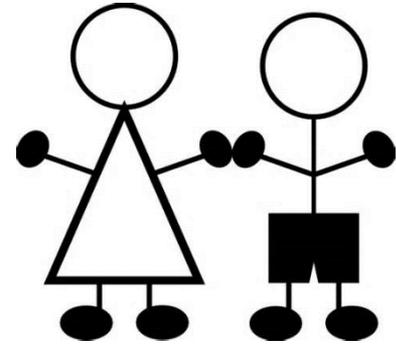

**Yes!**

Do you want a world where everyone has a fair chance to develop their potential?

**Yeah!**

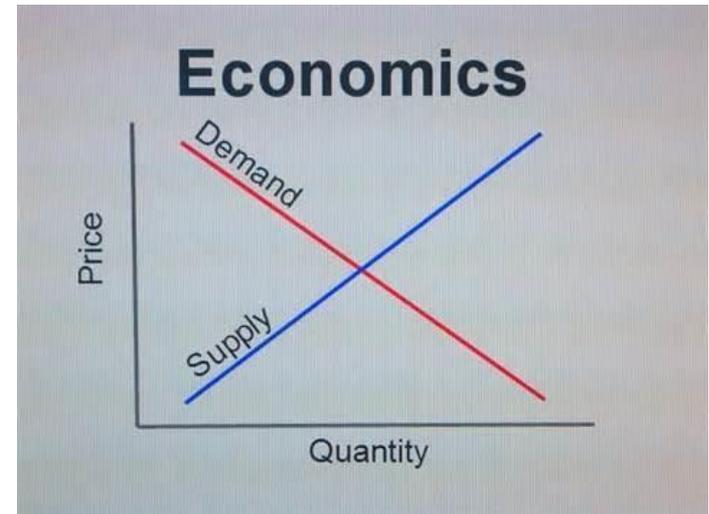

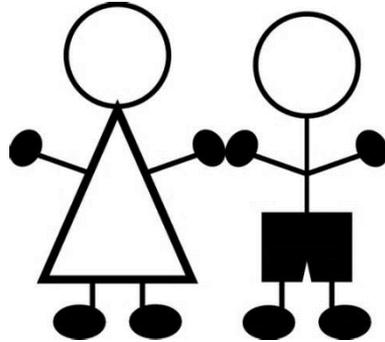

Then you have to learn about money.

Wha???????

You mean economics?

Of course!

Societies are controlled, not by violence,  
but by ideas.

But what are they covering up about money?

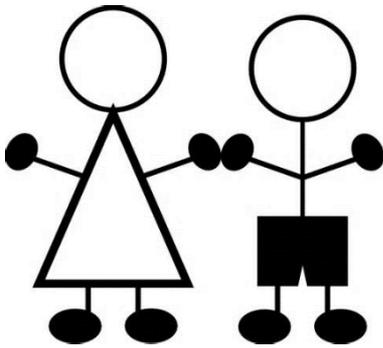

We are not taught what money is.

...why is that so important...  
as long as I have a job and get money to live?

Because whoever controls the money system, controls the society.

Look around our society. What kind of society are they giving us?

POLLUTION

HOMELESS SHELTERS

WAR

HUNGER, POVERTY

Over the course of many generations, we have been given a money system that works for a few people, at the expense of all of us.

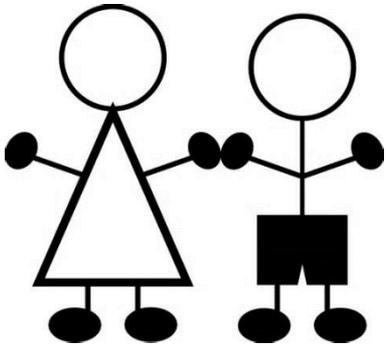

It's a system of money?

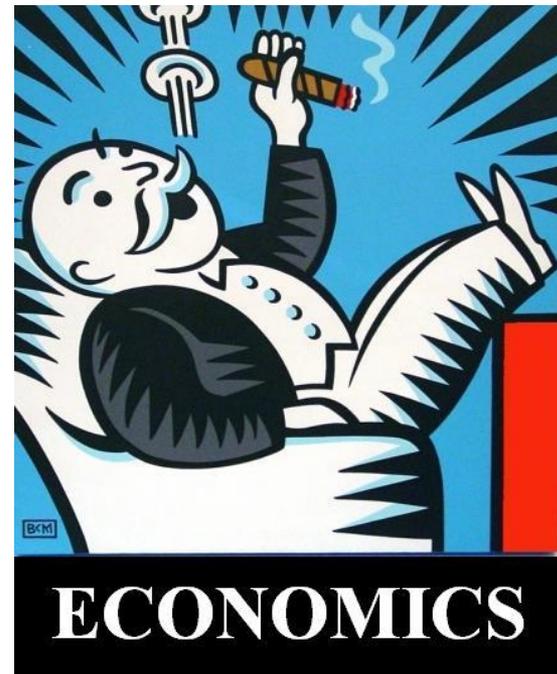

Yes, a system. A system is created by people. And the people who created this system, kept it secret from the public. Because they wanted the power for themselves.

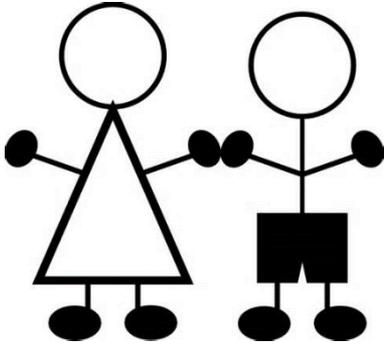

Was it a conspiracy?

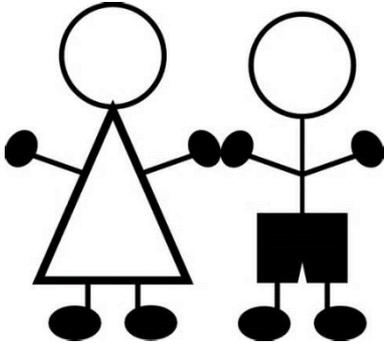

Was and still is.

Were you ever taught in school that our money is created by private banks when they make loans?

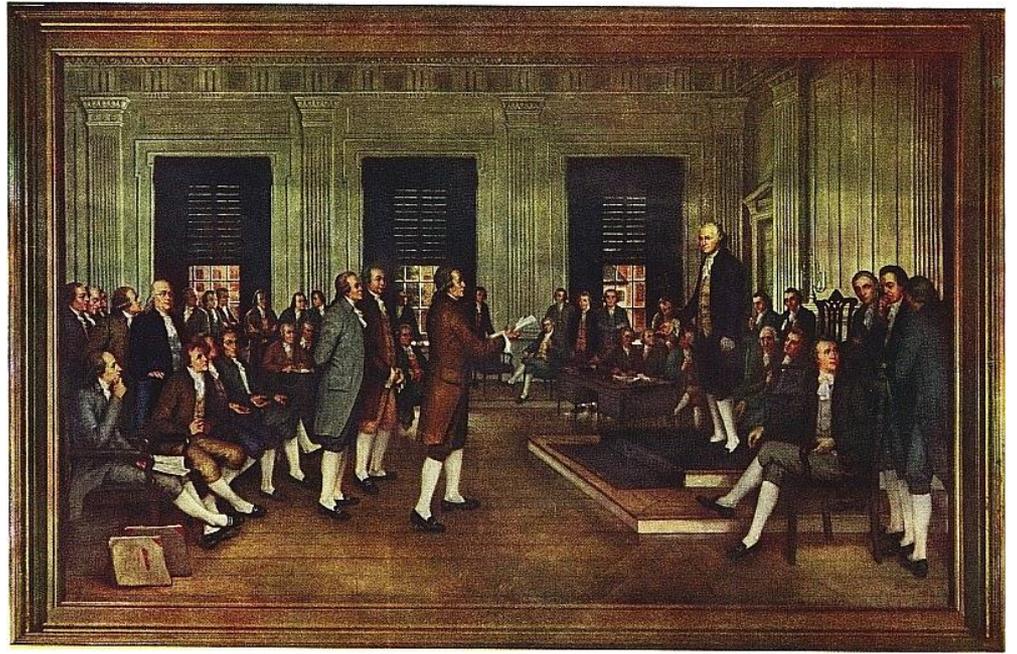

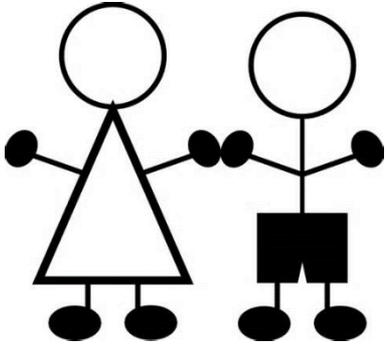

**No!**

Were you ever taught in school that our government has the constitutional right to create its own money – debt free.

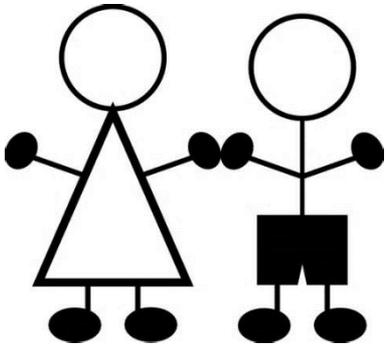

That our government does NOT have to borrow money and pay interest on this debt?

**No!**

Were you ever taught the history of our government issuing money debt-free? The colonies, the American revolutionaries, Abe Lincoln's Greenbacks? That those societies was healthier, more just, and the debt-free money helped all the citizens – not just a few.

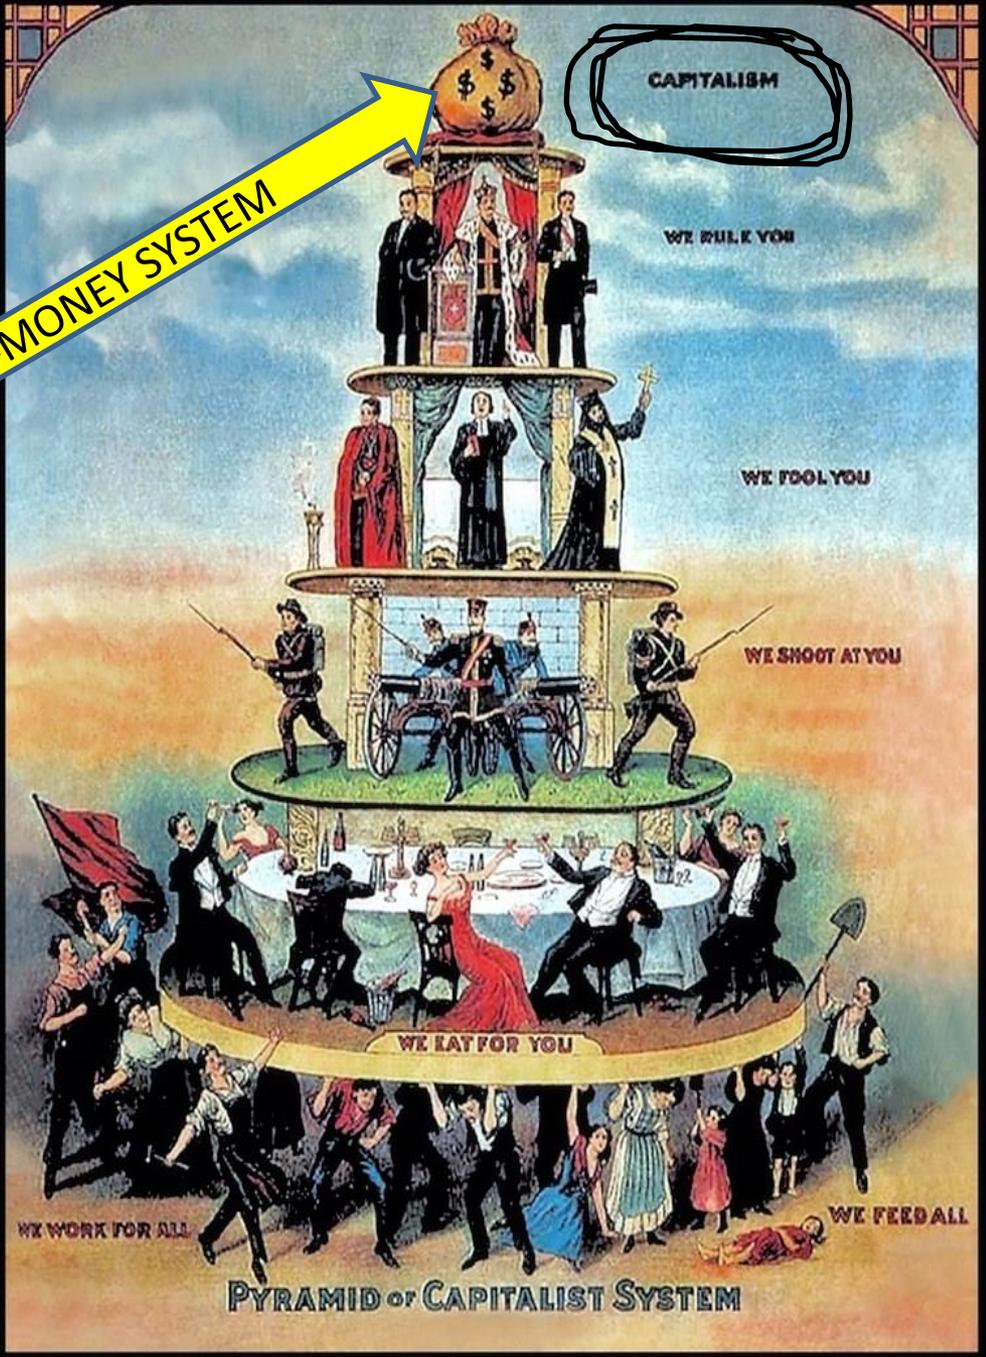

**NO!**

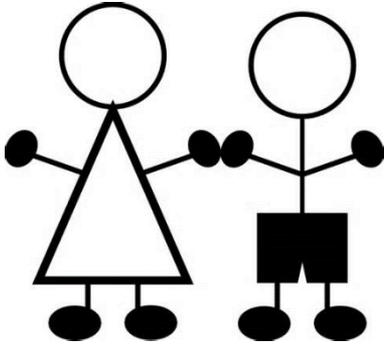

THE PRIVATE DEBT-MONEY SYSTEM

Were you ever taught that capitalism is the system of private bank debt-money?

**NO!**

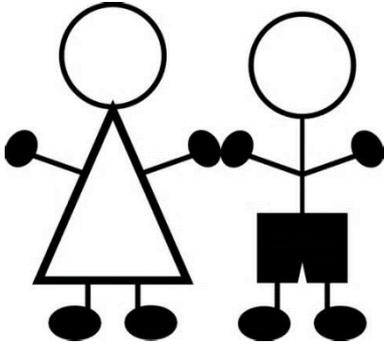

NEED ACT –  
MONEY REFORM ACT  
2011 - H.R.2990

Then you need to learn about the history of money systems.

Systems are created by people. We can change the bad one we have and create a better one, based on past experience with better money systems.

But we need to educate ourselves.

YES!!!

Follow me in some more cartoons....

human creation.
